THE UNIVERSITY OF ALBERTA STAFF BULLETIN

EDMONTON, ALBERTA

JAN 29 1975  
PROVINCIAL EXECUTIVE  
ASSISTANT  
TO THE PRESIDENT

JANUARY 16, 1975

## BOARD OF GOVERNORS

The Board of Governors and its Executive Committee met January 10, 1975.

### SALARY SETTLEMENT REACHED FOR ACADEMIC STAFF

The Board has ratified an agreement on academic staff salaries and benefits, drawn up by a joint Board of Governors-Academic Staff Association negotiating committee.

The settlement represents a 16 percent increase over the 1974-75 academic salary and benefit costs to the University. Highlights of the agreement are as follows:

1. The AASUA (Academic Staff Association of The University of Alberta) will henceforth represent sessional and annual lecturers, and discussions will be undertaken with respect to certain conditions of employment for this group.
2. The statement with respect to cost of living will be: "The Board of Governors acknowledges the desirability of adjusting salary scales to reflect changes in the cost of living and acknowledges further that the appropriate measure of such changes is the Consumer Price Index produced by Statistics Canada."
3. Salary scales are to be increased by \$750 per annum effective April 1, 1975 and 7.5 percent effective July 1, 1975, subject to a reduction in the amount necessary to create a fund of \$25,000 for the purpose of providing replacements for staff members on leave for childbirth.
4. Group life coverage is to be increased by 25 percent in each age grouping, subject to agreement with the underwriters.
5. There will be an increase of \$75,000 in the Leave Replacement Fund.

6. There will be an increase, to \$200, in the Professional Expense Allowance, with the increased cost to be a first charge against the 1976-77 settlement.

### INSTITUTE OF EARTH AND PLANETARY PHYSICS

Formal recognition has been granted by the Board to the Institute of Earth and Planetary Physics. The Institute is an interdepartmental association which has been in operation since 1970.

Board recognition of the Institute does not commit the Board to direct financial support of the Institute. Earth and Planetary Physics will compete for Faculty of Science funds as do all other departments in the Faculty.

### GALBRAITH AWARD INCREASED

On the recommendation of the Finance Committee, members voted to increase by \$1,500 the amount of the Dr. F.P. Galbraith Award in Journalism. Commencing in 1975-76, the winner will receive tuition fees plus \$5,500 if single and tuition fees plus \$8,000 if married.

Courses being offered are Level 1A; Level 1; Level 2; Level 3; Level 4 Writing; Level 4 Conversation; Level 5 Advanced Writing; and Level 5 Advanced Conversation. Two special courses are offered as well.

English Pronunciation, which commences January 21, is designed to help the student pronounce Canadian English correctly. The fee for the eight-week course is \$45. Technical Report Writing, which begins January 20, will assist people in the preparation, organization, and presentation of material in report form. It will deal with such topics as research, style, and basic conventions regarding references. The fee for the 10-week course is \$45.

Several of the courses mentioned require placement testing. A test will be given in Corbett Hall, January 18 at 9:30 a.m. The cost is \$3. For further information, telephone 432-1497 or 432-3116.

### PHYSICAL FITNESS TESTING AND CONSULTING CENTRE

The Faculty of Physical Education has announced the opening of the Physical Fitness and Consulting Centre to students, staff, and the public again this year. The Centre is located in E-412 Physical Education and Recreation Centre (fourth floor, east wing). It is open every Tuesday from 5 to 8 p.m. and every Thursday, 3 to 6 p.m.

The primary purpose of the centre is to inform individuals about their present level of physical fitness and offer suggestions for personal improvement. They will undergo a battery of tests designed to determine cardiovascular fitness, general body strength, and degree of obesity. The data thus obtained will be analyzed and suggestions offered to the individual for a personal training program. A nominal fee of \$1 (students 50c) will be charged. Medical certificates from registered physicians are required before testing can be authorized.

Anyone interested in knowing his/her level of physical fitness should telephone 432-5601 (ask for DEBBIE or SHIRLEY) to make an appointment.

### CANADIAN CONFERENCE ON APPLIED SYSTEMS ANALYSIS

A Canadian Conference of Applied Systems Analysis will be held at the Government Conference Centre in Ottawa, May 21 to 23, 1975. The conference theme will be "The

## NOTICES

### ENGLISH LANGUAGE PROGRAM

Eight intermediate and advanced courses in the English Language Program will be offered this winter by the Department of Extension. They are intended for persons whose first language is not English as well as those whose native language is English.

### APPOINTMENT

GEORGE D. MOLNAR, a graduate of this University, will become Chairman of the Department of Medicine July 1, 1975. Dr. Molnar received his BSc here in 1949 and his MD two years later, obtaining both degrees with first class distinction. He served his internship at University Hospital and his residency at the Mayo Foundation in Minnesota. After obtaining his PhD at the University of Minnesota in 1956, he joined the staff at the Mayo Graduate School of Medicine. He now is Professor of Medicine at the Mayo Medical School; a consultant in the Mayo Clinic's division of clinical endocrinology; and director of the diabetes, obesity, and hypoglycemia clinics. Dr. Molnar currently is designing and implementing reforms in the care of patients with diabetes and endocrine diseases throughout the Mayo institutions.

Canadian potential for the application of systems analysis to the problems of society." Four sessions will focus on Resources and Environment, Transport and Communication, Health Care Systems, and Public Policy. Selected speakers and other participants will comment on studies in these fields.

The conference is sponsored by the Canadian Committee for the International Institute for Applied Systems Analysis, a non-governmental international institute established in 1972. The institute conducts research and studies the application of systems analysis to problems in modern society arising from scientific and technological development.

Participation in the conference is invited. All interested individuals should contact the Dean of the Faculty of Graduate Studies and Research, University Hall, who has been asked to nominate representatives of The University of Alberta. Participation in the conference is limited to 150. Applications should be received well before January 24.

#### PARKING OFFICE: BOOSTER SERVICE

Holders of University parking permits will be happy to know that, as in past years, a battery boosting service is available from 3:30 to 6 p.m. whenever the temperature drops to -10° F or colder. Please call 432-1212 for the service.

#### PHILOSOPHER-THEOLOGIAN TO VISIT

JOHN C. COOPER, Dean of Academic Affairs at Winebrenner Theological Seminary in Findlay, Ohio, will visit The University of Alberta January 18-25. Author of 18 books and more than 250 articles dealing largely with culture, theology, and society, Dr. Cooper will address various groups and lecture various classes in religious studies, sociology, psychology, and philosophy. Interested classes or campus groups and clubs can request a lecture appearance by contacting MARTIN GARBER-CONRAD in 158C Students' Union Building; telephone 432-4513.

See "This Week and Next" for a listing of Dr. Cooper's public talks.

#### CASSETTE TRANSCRIBER AVAILABLE

The Office Equipment Repair division of the Department of Technical Services has acquired, for short-term rental, a standard transcriber. Standard cassettes are those used in most of the cassette-type tape recorders on campus.

To obtain further information, contact DON MILLAR at 432-4901.

**FOLIO** is published for the staff and other interested persons by the University Publications Office, The University of Alberta, Edmonton, Alberta. Copyright 1975.

## THIS WEEK AND NEXT

### 22 JANUARY, WEDNESDAY

#### Lunchtime Reading

12:10 p.m. "Brent Carver in Concert" features

The driver of this Bobcat escaped uninjured only seconds before the vehicle was engulfed in flames last Monday outside the Mechanical Engineering Building. University Fire Marshall Syd Smith says the fire may have been caused by a bolt breaking in the drive belt. The belt could have hit the fuel line, causing it to rupture and spew fuel onto the hot manifold. The vehicle, a mini front-end loader, is used primarily for removal of snow from campus sidewalks at this time of year. Since it was the only Bobcat in the vehicle pool, staff and students may encounter some inconvenience if more snow falls before the vehicle is replaced.

the actor currently appearing in *The Au Pair Man* and known to viewers of CBC's *Inside Canada*, Citadel Theatre, 10026 102 Street. Admission \$1. Bring your own lunch.

#### **Faculty Club**
